“ I have known Dianna and her mother all of Diana's life. Then I worked with her for a year. She was always an asset to her job. She & I grieved the loss of her daughter and my son. She was a true friend. She loved her grandchildren more than life! RIP sweet friend!! You are in Heaven with her now

“ *Dianna and I were best friends in High School. She was always the same. She always joked that her nick name was "Bad Attitude" but I never thought she had a bad attitude but she didn't take crap off any one either. I knew she loved her daughter and losing her was by far the hardest thing she had done till the day she herself had to leave those grand babies then that became the hardest day. She loved and cherished each one of them.*

*I ask but one thing of you continue to make her proud of you and know she is with you in spirit. I'm so glad you chose to let me be part of your life and especially that we got to spend those last few precious times together reminiscing old times. I love you my friend and I will miss you. Till we meet again. Joyce Kinard Sproul*
